SKILLS

Grant Proposal Writing | Qualtrics | Tableau | R/R Studio | Python | SQL | REDcap | Filemaker | SPSS | STATA | EEG | ECG | MRI/fMRI | NIRS/fNIRS | Multilevel Modeling & Longitudinal Analysis | Topic Modeling & Natural Language Processing | Latent Profile | Non-Parametric Statistical Analyses | Poisson Models | Databrary

EXPERIENCE

Research Scientist

September 2022 – Present

Pennsylvania State University | Pennsylvania

- Supervises a **9-person team** in the execution of **2 NIMH-funded cross-sectional and longitudinal studies** designed to examine the development of anxiety in parents and children
- Analyzes intermodal data using **R & Python**: brain activity with **EEG** & **fNIRS**, attention via automated eye tracking, and behavior
- Integrates data from diverse sources using data validation to ensure data integrity when updating data sources

Consultant R for the Rest of Us | Remote

July 2022 – January 2023

- Used **R** to automate and generate tables and graphs for the 2023 report from the International Vaccine Access Center
- Managed and executed social media strategies to increase brand awareness and engage with the R programming community
- Managed the entire process of launching a new online course about "Package Development with R," from video editing and website updates to collaborating with the course instructor to ensure the course content was accurate and up to date

Graduate Research Scientist & Instructor

July 2017 – June 2022

Georgetown University | Washington, DC

- Mentored **5 Honor Students** and approx. **45 research assistants** through frequent communication, coaching, strategic direction, and one-on-one meetings to establish goals and assess progress
- Improved the laboratory's open-access guidelines by preregistering 7 studies and analyzes, publishing 3 pre-prints, and sharing scripts and datasets on sites such as *Open Science Framework (OSF)*, *GitHub*, and *Databrary*
- Authored 9 manuscripts and 13 posters presented at domestic and international scientific conferences

Consultant & Evaluator of Educational Community Engagement Programming

February 2020 – January 2022

WETA-TV 26 | Washington, DC

- Designed **English and Spanish surveys** and assessments for **4 intervention programs** aimed to enhance Hispanic and non-Hispanic parent-child relationships and communication
- Produced quantitative evaluations for 5 intervention programs and created reports for the organization using R
- Advised team on topics about child development, parental education, statistical analyses, and intervention assessment

Project & Data Manager at the Early Learning Project

June 2016 – June 2017

Georgetown University | Washington, D.C.

- Developed protocols and executed a longitudinal study following up approx. 200 children from 1.5 to 5 years of age
- Supervised and trained a team of 15 Research Assistants Performed statistical analyses using SPSS and R
- Collaborated and participated in **4 interviews** with Tina Plaza-Whoriskey, and Dr. Alicia Torres at **Child Trends**, in partnership with **Ivanhoe Broadcast News**, to <u>communicate science</u> to bilingual families

EDUCATION

Doctor of Philosophy in Psychology [Lifespan Cognitive Neuroscience] - Georgetown University

Master of Arts in Psychology - Georgetown University

Bachelor of Arts in Psychology and Child & Family Studies (French Minor) - Berea College

EQUITY, DIVERSITY, & INCLUSION INITIATIVES

BlackinPsych Organization – Co-Founder and Director of Finances & Fundraising
International Society of Developmental Psychobiology 1st EDI Committee – Committee Member

International Society of Developmental Psychobiology 1st EDI Committee – **Committee Member** Georgetown Psychology 1st EDI Committee – **Graduate Student Representative**

October 2020 – Present November 2021 – Present August 2020 – June 2021
